Dr. Charlene Banta began her career in Health Information Management over 30 years ago. For the past 12 years she has worked in IT while also being engaged in curriculum design and instruction. She received a dual master's degree in Health Information Management and Information Technology Leadership, a bachelor’s degree in Leadership Studies, and a doctorate of education focused on Transformational Leadership.

Dr. Banta serves as the Health Information Technology Program Director and Instructor at St. Johns River State College in St. Augustine. She is also a member of the Information Technology team at Mayo Clinic. She’s a Registered Health Information Administrator, Certified Healthcare Technology Specialist – Implementation Manager, Certified Professional in Healthcare Information and Management Systems, holds the ITIL Foundation certificate in IT Service Management, the certificate in Effective College Instruction, is a certified change practitioner and a certified CPHIMS instructor. She holds the rank of Instructor in Healthcare Administration with Mayo Clinic’s College of Medicine and was granted the Excellence in Teaching certificate with Mayo Clinic’s Academy of Educational Excellence. Her work to improve healthcare using technology was presented at the International Forum on Quality and Safety in Healthcare Convention in Paris and has been featured in AHIMA’s Perspectives in HIM.

Dr. Banta serves as a mentor in the FHIMA Mentoring Program and at her alma mater.

HERTENCIA BOWE, ED.D., MSA, RHIA, FAHIMA

Dr. Hertencia Bowe has over 15 years of higher education experience in teaching, course and curriculum development, academic program assessment, and accreditation compliance. She is the founder and principal consultant at Bowe Academic Consulting, LLC. Dr. Bowe delivers consulting services to educational programs seeking program accreditation/reaccreditation and professional development services to educators. Previously she served as Assistant Professor for the Health Information Management Program at Fisher College. Additionally, she served as National Health Information Program Coordinator at Rasmussen College, Health Information Management and Medical Coding Program Director at Polk State College. Dr. Bowe is a graduate of Nova Southeastern University, with a doctoral degree in Higher Education Leadership and Curriculum Development. She also holds a MS in Health Services Administration from Central Michigan University and a B.S. in Health Information Management from the University of Mississippi Medical Center.

SANDRA BRIGHTWELL, RHIA, FAHIMA

Dr. Sandra Brightwell has 29 years of experience in Health Information Management, is a Registered Health Information Administrator, a Fellow of the American Health Information Management Association, and a Doctor of Educational Leadership. She was a first generation college student and is an alum from both Illinois State University and Northern Arizona University. Dr. Brightwell is the Director of the CAHIIM accredited fully online Health Information Management Program at Central Arizona College, and has held this position since 2012. Additional efforts at CAC include teaching in HIM, Lead for Occupation Insight, Professional Development & Engagement Committee member, Equity Council member, Allied Health Articulation Task Force Liaison, AFIT participant, Trust Edge Team Lead and a co-lead of the Achieving the Dream student success team. Additionally, she serves as the CAC Institutional Representative for the Arizona Women in Higher Education (AWHE) association. Dr. Brightwell is a former council member for AHIMA’s Council for Excellence in Education (CEE) and co-chaired the Curricular Workgroup in 2019. Dr. Brightwell has volunteered for the Arizona Health Information Management Association Board of Directors since 2003, and recently took office as President in 2021. She was the recipient of the AzHIMA Distinguished Member Award in 2010 and the AzHIMA Outstanding Service Award in 2006. Furthermore, Dr. Brightwell serves as a Peer Reviewer for the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). In addition, Dr. Brightwell volunteers her time for the Arizona chapter of HOSA (Future Health Professionals, formally known as Health Occupations Students of America), to Cub Scout Pack 378 as a Den Leader, and member of the Rover Elementary PTA. Dr. Brightwell’s research focuses on Motivation and Leadership in the Workplace. Dr. Brightwell enjoys the recalibration opportunities that higher education affords students, and she is an advocate for assisting and motivating students’ proficiency, employability, and usability of the knowledge and skills higher education has to offer.
MARGARET CZART, DRPH

Dr. Margaret Czart is a Clinical Assistant Professor in the Department of Biomedical and Health Information Sciences in the College of Applied Health Sciences at the University of Illinois at Chicago. Her background includes over 15 years in online education with a specialization in course design and assessment. Dr. Margaret Czart also has experience with Virtual Reality environments for educational purposes. Dr. Margaret Czart areas of interest involve in the areas of Consumer Health Informatics, Public Health Informatics and Biomedical Visualization with Simulations. Current projects include the analysis of data collected by Electronic Health Records (EHRs) for chronic disease surveillance and the development and assessment of health information online for patient education and engagement through Motivational Interviewing (MI).

STEPHANIE DONOVAN, EDD., MBA, RHIA

Dr. Stephanie Donovan serves as Professor and Faculty Chair of the undergraduate Health Programs division at Peirce College in Philadelphia, Pennsylvania, responsible for supporting students and faculty and managing undergraduate healthcare-related degree and certificate programs. She earned her Bachelor of Science degree in Health Information Administration from Gwynedd-Mercy College (University), MBA with an MIS specialization from LaSalle University, and a doctorate in Higher Education Leadership from Delaware Valley University, where her dissertation research focused on disruptive innovation in higher education. Dr. Donovan has held leadership positions at the local, state, and national levels of AHIMA. She is president-elect of the Pennsylvania Health Information Management Association and previously served as an appointed member of the AHIMA Council for Excellence in Education. She currently serves on the Institutional Review Board (IRB) for a large teaching hospital as a secondary reviewer for human subjects research.

BARI DZOMBA, MS, PHD

Dr. Bari Dzomba has over 25 years experience at the intersection of health, leadership, technology, and data within academic, healthcare, private industry, and government entities. Dr. Dzomba's current research focus is on the intersection of Health Informatics and Racism, specifically where leadership, diversity, inclusion, and advocacy play a role in data collection, data transformation, and data analytics. Dr. Dzomba holds a BA from The College of New Jersey, an MS in Information Science from The Pennsylvania State University, Great Valley, and a PhD in Community Leadership from Alvernia University. She has taught computer science, business administration, Public Health and Population Health Informatics, Leadership, and Health Systems Science for Penn State, and is currently an Assistant Professor and Program Director at Temple University where she teaches in the Health Informatics graduate program and Health Information Management undergraduate program.

DEBORAH BUTTS, EDD, RHIA

Program Director at Lone Star College.
DONNA ESTES, RHIT

Program Director at Georgia Northwestern Technical College.

TABBITHA FAGIN, MS, RHIA

Ms. Tabbitha Fagin is a Director of Acute Care Coding at Banner Health. She is a seasoned Health Information Management professional who has worked across multiple disciplines in small and large organizations. Over the last 30 years, her experience includes Acute Care and Professional Coding, HIM Operations, Compliance, and Denials Management. Ms. Fagin holds a bachelor’s degree from Texas State in HIM and recently graduated with a master’s in Applied Biomedical Informatics from the University of Texas Health Science Center at Houston.

SUSAN H. FENTON, PHD, RHIA, FAHIMA

Dr. Susan H. Fenton is an Associate Professor and Associate Dean for Academic and Curricular Affairs at the University of Texas School of Biomedical Informatics in Houston, TX. She is responsible for their certificate, master’s and doctoral degree programs. Dr. Fenton has received $7 million in grant funding and serves on a variety of regional and national committees. Dr. Fenton has more than 30 years of experience in health informatics and information management.

JILL FLANIGAN, MLS, MS, RHIT

Ms. Jill Flanigan joined Middlesex Community College in the fall of 2016 and serves as the Health Information Management Program Coordinator. Prior to transitioning to a career in education, she served as a Health Information Management director and in other Health Information Professional roles in hospitals in Connecticut and Rhode Island. Jill earned a Master of Science degree in data analytics from Southern New Hampshire University, a Master of Library Science degree from Southern Connecticut State University and is currently attending the University of Connecticut School of Law. Ms. Flanigan has been an active volunteer at the state (C1HIMA) and national level with AHIMA; currently serving as a member of the Data Analytics and Data Use Practice Council.
FANNY HAWKINS, ED.D. CPHQ, RHIA
Dr. Fanny Hawkins has 30 years of Health Information management experience including: HIM Manager Revenue Cycle Business Services, Director of a Health Information Management Bachelor of Science Program, Director of Health Information Services, Review Supervisor for the Texas Medical Foundation, Department Chair for Health Sciences Programs, and also completed a Post Doc Fellowship in Health Informatics at Baylor College of Medicine. Her research focuses on health information, clinical documentation, evaluating clinical data in the EMR, and EMR Project Management.

ANITA HAZELWOOD, EDD, RHIA, FAHIMA
Dr. Anita C. Hazelwood is a Professor and Allied Health Department Head in the College of Nursing and Allied Health Professions at the University of Louisiana at Lafayette. Dr. Hazelwood is the recipient of the Lafayette General Medical Center/BORSF Professorship in Health Sciences. She is an AHIMA ICD-10-CM and ICD-10-PCS trainer and has conducted numerous coding workshops throughout the state and nation; she has written numerous articles, co-authored several textbooks and authored chapters in several HIM textbooks. Dr. Hazelwood was the recipient of AHIMA’s Legacy Award in 2003. On a professional level, Dr. Hazelwood is a member of the American Health Information Management Association (AHIMA) and has served on various committees and boards. She is currently serving as the Chair of CAHIIM’s Health Information Management Accreditation Council.

TAMMIE JONES, MS, FACHE, CMPE
Ms. Tammie M. Jones, is a doctoral student of health services research with a concentration in health policy at George Mason University. Ms. Jones is a retired Army Medical Service Corps Officer and a board-certified healthcare executive with over 20 years of experience in primary, specialty and tertiary care settings. Her leadership roles span stand-alone clinics to a Level I trauma center. In addition to her extensive experience in healthcare delivery, she provided consulting to Centers for Medicare and Medicaid Services, the Centers for Disease Control and Prevention, the Veterans Health Administration, and the Office of the Assistance Secretary for Preparedness and Response. Ms. Jones's dissertation research is focused on the effects of nurse practitioner state scope of practice laws on access to care in rural communities.

LINDA GALOCY, MS, RHIA, FAHIMA
Ms. Linda Galocy is the Assistant Dean and Program Chair of the Health Information Management Programs at Indiana University Northwest. She is also an Ed.D. student in Instructional Systems Technology at Indiana University Bloomington. Ms. Galocy holds a master's degree in Adult Education and received her Bachelor of Science degree in health information administration at IUPUI. She is also a Fellow of AHIMA. Ms. Galocy has presented at three previous Assembly on Education conferences, is a contributing author to a colleague’s Intro to Radiography Technology and Patient Care on health information management topics and has been an editor for two other textbooks.
MARY LAJAUNIE, MBA, RHIA

Mrs. Marissa Lajaunie, MBA, RHIA obtained a Bachelor of Science degree in HIM in 2009 and an MBA in 2011 both from the University of Louisiana at Lafayette. She has also been a RHIA since 2009. Prior to returning to UL Lafayette as an Instructor in January of 2015, Mrs. Lajaunie was employed as the Assistant Administrator of an inpatient psychiatric facility and two outpatient mental health clinics where she was responsible for the overall leadership and operation of the facility’s services, departments, and functions. Mrs. Lajaunie teaches several junior and senior level courses and serves as the Health Information Management Internship Director. Mrs. Lajaunie co-authors Delmar Cengage Learning’s annual publications aimed at preparing students for the AHIMA certification examinations. She has been an active member of the American Health Information Management Association, Louisiana Health Information Management Association, and the South District of LHIMA for many years.

JAMIE LOGGAINS, ED.D. RHIT, CPC

Dr. Jamie Loggains is an Assistant Professor for the undergraduate Health Programs division at Peirce College in Philadelphia, Pennsylvania. Dr. Loggains teaches courses in the Medical Coding Certificate program and Health Information Technology associate degree program sharing her healthcare reimbursement and outpatient/physician coding experience and expertise with future healthcare professionals. She earned her Bachelor of Science degree in Healthcare Administration from Drexel University, Master of Science in Health Informatics from the University of Chicago at Illinois and a Doctor of Education in Higher Education Leadership from Maryville University. Dr. Loggains’s research focused on adjunct instructor presence in the online environment. She is a current member of the American Health Information Management Association (AHIMA) and the American Academy of Professional Coders (AAPC).

PJ MADDOX, EDD, MSN, RN

Dr. PJ Maddox is Professor and Chair of the Department of Health Administration and Policy at George Mason University. She is a nurse with a distinguished career in health services administration, health policy analysis and health services research. Dr. Maddox’s academic and research interests range from health reform to understanding the impact of financing arrangements and delivery systems on health care quality and access, to health workforce planning. She is a recognized expert in health systems management, health reform policy and health services research. Dr. Maddox came to Mason in 1995 from the National Institutes of Health. At Mason she developed the graduate programs in health administration and policy and established the health services research program in the Center for Health Policy, Research & Ethics where she served as its Director. At the Clinical Center of the National Institutes of Health, Bethesda, MD, she served as a Clinical Center Deputy Director. Prior to NIH, she has held management and academic teaching appointments in a variety of universities and academic medical centers throughout the US.
BEVERLY MARQUEZ, MS, RHIA

Ms. Beverly Marquez is the health information technology director for State Fair Community College. Ms. Marquez has over 30 years of experience in the healthcare field. She has been with State Fair Community College, Sedalia, Missouri, since 2011. During her time at the college, the AAS in Health Information Technology program received CAHIIM accreditation and grew to over 100 active students. She currently serves as Faculty Vice-Chair on the Missouri Community College Association Advisory Board and is a member of CAHIIM's HIMAC Council.

JACQUELINE MOCZYGEMBA, MBA, RHIA, CCS, FAHIMA

Ms. Jacqueline Moczygemba is an Associate Professor and Program Director for the BSHIM in the Department of Health Information Management at Texas State University. She entered the HIM profession in 1982 and recently completed her 25th year as a faculty member for Texas State University. Prior to teaching, Ms. Moczygemba spent 12 years as a director of HIM services in an acute care hospital. She also has several years of experience in HIM consulting in long-term healthcare. She received her Bachelor of Science in Medical Records Administration and Master of Business Administration from Southwest Texas State University (now Texas State University). Ms. Moczygemba holds certification as a registered health information administrator (RHIA) and coding specialist (CCS). She was named a Fellow of the American Health Information Management Association in 2012. Ms. Moczygemba is a member of the editorial review panel for Perspectives in Health Information Management.

DANETTE MYERS, PHD, RHIA

Dr. Danette Myers has a Bachelor of Science Health Information Management from Southwest Texas State University, a Master of Business Administration from LeTourneau University, and a Ph.D. in Adult Professional Community Education from Texas State University. Dr. Myers started with HIM in 2006 after having worked as the Health Information Management Security Officer for an Austin hospital for four years. Her primary areas of teaching currently include HIM Departmental Management, HIM Governance and medical terminology. She is also the lead faculty in the HIM Practicum and HIM Seminar courses taken by the seniors during their internship semester. After 14 years of teaching at, as well as being involved in student and leadership development here at Texas State, she recently earned her doctorate degree, August 2019.

CHELSEA OVERSTREET, MA

Ms. Chelsea Overstreet joined the UTHealth School of Biomedical Informatics in June 2014 as the Practicum Coordinator. Now, she serves as the Assistant Director of Student and Alumni Relations and oversees communications, practicum placement, and alumni engagement, among other tasks. She has a Bachelor's of Journalism from the University of Missouri and a Master's in Communication from the University of Texas at San Antonio.
JENNIFER PETERSON, PHD, RHIA, CTR

Dr. Jennifer Peterson is an associate professor in the Department of Health Sciences at Illinois State University. Over her 27 years of teaching there, Dr. Peterson has taught a variety of courses within the Health Information Management Program. She has also worked extensively in oncology care, including as a cancer program coordinator and clinical research coordinator. Dr. Peterson currently teaches in the on-campus and online setting. Her research interests include program evaluation and assessment, online education, and cancer registry education.

VALERIE S. PRATER, MBA, RHIT, FAHIMA

Ms. Valerie Schmitt Prater holds an MBA and Certificate in Health Services Administration. She currently serves as adjunct faculty for University of Illinois at Chicago's Bachelor of Science in Health Information Management program following her retirement as Clinical Assistant Professor, a role that included curriculum development and mapping. Her previous experience includes instruction for University of Connecticut's online Health Information Technology Certificate, a graduate program she helped develop, and administration for DeVry University where she developed curricula and provided national direction of associate and baccalaureate health information management programs. Ms. Prater currently serves on the Health Information Management Accreditation Council of the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). She has delivered numerous presentations including to AHIMA's Assembly on Education. Recent publications include Chapter 20, Human Resources Management, in Health Information Management Technology: An Applied Approach, Sixth Edition, Sayles and Gordon (2020).

SEAN PREUSS, EDD

Dr. Sean Preuss uses research and data-driven approaches to develop and facilitate training for online faculty. In total, Sean has delivered over 100 live presentations and training courses to faculty at several universities. In his main role, he oversees faculty and tutor development as the Academic Success Manager at Bryan University. Dr. Preuss is a two-time recipient of Bryan University’s “Distinguished Faculty Award” and has a doctorate in education from the University of North Carolina at Greensboro.

LAURIE A. RINEHART-THOMPSON, JD, RHIA, CHP, FAHIMA

Ms. Laurie A. Rinehart-Thompson is the director of the HIM program and a professor at The Ohio State University. Her experiences span acute care, home health, behavioral health, and education. She has testified in privacy civil litigation as an expert witness. She serves on the AHIMA Council for Excellence in Education, has chaired the AHIMA Professional Ethics Committee, and has served on numerous AHIMA committees. She has presented on topics including the HIPAA privacy rule and pedagogical best practices in HIM. She is a coeditor and coauthor of AHIMA’s Fundamentals of Law for Health Informatics and Information Management, the author of Introduction to Health Information Privacy and Security, and a contributor to Ethical Health Informatics: Challenges and Opportunities and numerous AHIMA publications. Her work has been published in Journal of AHIMA and Perspectives in Health Information Management. She received the OHIMA (Ohio) Distinguished Member Award and the AHIMA Triumph Legacy Award.
Marjorie Rosen, MBA-MDR, RHIT

Ms. Marjorie Rosen is a national Advocate for students and members of the Health Information industry. She commonly uses a conglomerate of Trust principles with adapted cognitive behavior techniques and a Growth Mindset to lead programs. She has received several awards for her innovations and process improvement implementations. Currently, she is the program director for the Healthcare Programs at Bryan University.

Shelley C. Safian, PhD, RHIA, HCISPP

Dr. Shelley C. Safian has been teaching Health Care Administration, Health Information/Informatics Management, and Medical Billing and Coding, both onsite and online, for more than 20 years. She has a PhD in Health Care Administration and a Masters in Organizational Management/Health Care Administration/Health Informatics. In addition, she is the author of eight textbooks, including, “Let’s Code It!” 2nd edition, released by McGraw Hill in late January 2020 and “Anatomy & Pathophysiology for ICD-10-CM/ICD-10-PCS Coding” in August 2020. She is a Registered Health Information Administrator (RHIA), Health Care Information Security and Privacy Professional (HCISPP), Certified Coding Specialist (CCS-P), AAPC-Approved Instructor (COC, CPC-I), and an AHIMA-Approved ICD-10-CM/PCS Trainer.

Debbie Schultz, MS, RHIA

Ms. Debby Schultz has been a member of AHIMA since her student days began in 1999. She has been an educator for over 20 years and consistently demonstrates her passion for student success and helping to develop future HIM professionals. Her current position is HIM Department Chair and Associate Professor at St. Charles Community College in St. Charles Missouri. Debby has served as a CAHIIM program reviewer for several years and has served as a personal mentor for several new program Directors. She is fully committed to helping faculty deliver the highest quality HIM education possible.

Julie A. Shay, MBA-HIN, RHIA

Ms. Julie A. Shay is the Health Information Technology Program Director and professor for Santa Fe College. Ms. Shay advocates that “Trusted information is a valuable asset to any organization; being good stewards of this valuable asset will reap benefits such as better decision making that results in cost reduction, risk reduction and the promotion of quality care and business strategy.” Ms. Shay has 22 years industry and 16 years academia experience in healthcare business operations management in settings such as physician practice management, outpatient, inpatient settings to include managed care contracting, payer relations and operations expertise. She is an approved AHIMA ICD10CM/PCS trainer. She has been a guest speaker for several national, statewide, and local conferences. She is a member of North East Florida Health Information Management Association, Florida Health Information Management Association (FHIMA), and American Health Information Management Association (AHIMA). She served as the Chair of the CEE’s (Council Excellence Education) Associate Education Coalition Committee (AEC), where she led and assisted the coalition in developing health information technology specialty curriculum tracks for colleges nationwide. Assisted with the development of workflow process in getting specialty tracks approved within academia/state environment. (2012-2014). Ms. Shay served as a member of the AHIMA (CEE) Council for Excellence Education (2013-2016). During 2015-2016, she served as a co-chair for the CEE Workforce Workgroup that focused on raising HIM Awareness. She has served as a member of the AHIMA HIMR Initiative and has served as the FHIMA HIM Awareness Coordinator (2015-2017, 2019-2020). Ms. Shay was the recipient of the 2016 AHIMA Educator Triumph Award. (nominated/support by fellow HIM colleagues, students, and industry partners.) Ms. Shay was the recipient of the 2016 FHIMA Educator Award (nominated/support by fellow HIM colleagues, students, and industry partners).
RENAE SPOHN, PHD, MBA, RHIA, CPHQ, CPHI, FAHIMA, FNAHQ

Dr. Renae Spohn has been the Director of the HIM Programs at Dakota State University (DSU) for three years and was an Assistant Professor prior. She also has more than 35 years’ experience working in Clinical Applications, HIM, and Quality Departments for the largest not-for-profit long-term care provider and has lead HIM Departments in acute care settings in Wyoming and Colorado. Dr. Spohn currently serves as a CAHIIM Peer Reviewer. She also served on the AHIMA Board of Directors from 2008-2010 and has served in many volunteer state and national roles including serving on the AHIMA Fellowship, Nominating, and Triumph Awards Committees as well as serving as a Long-Term Care Practice Council Chair and Co-Chair for several years. She served as President of SDHIMA in 2004.

CARLA TYSON-HOWARD, EDD, MHA, RHIA

Dr. Carla Tyson-Howard serves as the Program Director of the Health Information Technology at Houston Community College in Texas. As a graduate of Incarnate Word University, she holds the credential of RHIA with a Doctorate degree in Higher Education Administration from Texas Southern University and a Master’s of Health Care Administration from Texas Woman’s University. She has authored textbooks, DVDs, CDs, and articles for the advancement of Health Information Technology education. She has presented at local, state and national conventions. To ensure the continuity of her students’ education, she established a named scholarship at Houston Community College for students enrolled in the Health Information Technology program. Dr. Tyson-Howard has served as vice-president of the Houston Area Health Information Management Association, volunteered with the YMCA and served on the Minority Achievers Steering Committee.

LYNETTE M. WILLIAMSON, ED.D., MBA, RHIA, CCS, CPC, FAHIMA

Dr. Lynette Williamson has been in the field of Health Information Management (HIM) for over thirty years. Currently, she is serving on the Commission on Certification for Health Informatics and Information Management (CCHIIM) for AHIMA. For seven years, Dr. Williamson served as a Commissioner for the Commission on Accreditation for Health Information and Information Management Education (CAHIIM). Dr. Williamson is an Assistant Professor at the University of Hawai‘i-West O‘ahu. Dr. Williamson earned her B.S. in Health Information Management from Florida International University, an MBA with a concentration in Global Management from University of Phoenix, and an Ed.D. in educational leadership with the concentration of Higher Education from Gwynedd Mercy University. Her research interests include student engagement and success especially in the distance education environment. In 2020, Dr. Williamson was selected as a fellow for the American Evaluation Association (AEA), Minority Serving Institution (MSI) program.

JANUSZ WOJTUSIAK, PHD

Dr. Wojtusiak is an associate professor of health informatics in the George Mason University Department of Health Administration and Policy, and the Division Director for Mason’s Programs in Health Informatics. He also serves as the director of the GMU Machine Learning and Inference Laboratory, and the director of GMU Center for Discovery Science and Health Informatics. Dr. Wojtusiak obtained, with honors, his Master’s degree in Computer Science from Jagiellonian University in 2001, and Ph.D. in Computational Sciences and Informatics (concentration in Computational Intelligence and Knowledge Mining) from George Mason University in 2007. Dr. Wojtusiak’s research interests include development and use of intelligent systems in healthcare. In particular he focuses on creating artificial intelligence algorithms for clinical decision support and knowledge discovery in medical data, and supporting health services research. He authored or co-authored about 100 research publications and presentations in these areas.
